MEMORANDUM FOR: Director, Central Intelligence Agency

Subject: The JIGSAW Committee's Recommended Priority Program for Intelligence Production on International Communism

Reference: Your memorandum dated 16 June 1950

1. It is believed that the program enclosed as Tab "B" to the subject memorandum represents an appropriate priority list for the production of intelligence on international communism. However, it is noted that the Federal Bureau of Investigation has withdrawn its representation from the JIGSAW Committee.

2. Undoubtedly, the absence of the F.B.I. from the JIGSAW Committee will seriously affect the future work of that Committee. Accordingly, the Deputy Director for Intelligence, The Joint Staff, recommends that the F.B.I. be requested to resume participation in the Committee as presently constituted, or that the Committee be reorganized so as to include F.B.I. membership.
